

# Curiosity

Everyone is open to learning new things about themselves, all that surrounds them and how the two fit together.

# Why is Curiosity Important?

By being curious, we can explore the world around us and find out about new things.  
What do you wonder about?

Why does the sea look blue when water in a glass is clear?

Why do spiders spin webs?

How do aeroplanes fly?

# Develop curiosity about the world

- ▶ [Planet Earth II: Official Extended Trailer | BBC Earth - YouTube](#)
- ▶ What questions come to mind as you watch this video?
- ▶ How does this awe inspiring video make you curious about the world?
- ▶ Bledlow Ridge School: Creating a safe and inspiring environment where children are excited about learning.

# What questions could you ask....

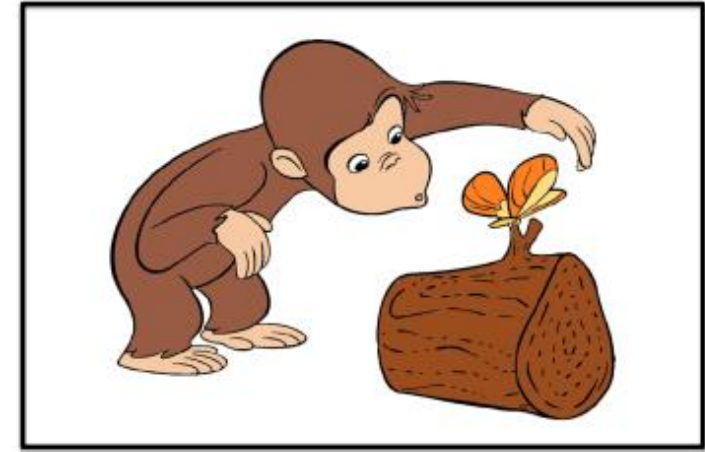

# Reflection – what does ‘being curious’ look like?

CURIOSITY IS THE COMPASS THAT  
LEADS US TO OUR PASSIONS. FOLLOW  
IT AND YOU WON'T BE DISAPPOINTED  
THE FUTURE BELONGS TO THE CURIOUS.
